

The ABC Health Foundation uses medical care to meet both physical and spiritual needs in Albania. Established in 1994, the ABC practices and teaches excellence in health care, while imparting a biblical worldview.

**By simply giving your “spare change” in your daily spending, you are showing Christ’s love to a family in Albania by blessing them with a year-round care of their physical needs through Christian medical professionals.**

When you participate in Swipe and make a purchase, your total is rounded up to the nearest dollar—and the difference is donated directly to ABC Health Foundation. ABC will use the collected funds to provide free services to a family in need.

**Please spend 5 minutes and explore the instructions below—it’s almost effortless on your part!**

**Here is how you can start supporting a family by donating your spare change:**

1. Click on the Swipe link to the right.
2. Create an account or login (it’s free)
3. Add your credit card (and funding account) and/or debit card you use the most to the app to keep track of change from your purchases.
4. Search for ABC Health Foundation in the nonprofit list.

PMI SWIPE

**CHANGE WITH EVERY SWIPE.**

Shop and purchase as you normally would—and little by little you’ll be making a huge difference!

**We will use your change to provide a Christian family with these free benefits at ABC.**

**Please consider adapting the needs of a Christian family today.**
